

What is the difference between booth seating and restaurant sofa?

In design, booth seating refers to the concept of the dining chair, paying attention to the effective use of space and comfortable sitting coexisting. In decoration effect, the booth sofa attaches importance to the fashion. While restaurant sofa emphasizes to mold the warm and the leisure feeling.

What is booth seating?

And booth seating actually is a kind of seat that is specially developed for catering place. It combines the characteristic of leisure sofa and ordinary dining chair. Then it is widely used in all kinds of leisure, entertainment and public places. Therefore, booth seating is a kind of upgrading and sublimation to ordinary restaurant sofa. 2.

What is the difference between booth seating and leisure sofa?

In fact, booth seating does not certainly have armrest, while leisure sofa does not have armrest necessarily. This is not the difference between them. The biggest difference between booth and sofa is the design concept. That determines the distinction between the appearance and shape of them.

Why is a restaurant sofa accepted by restaurants?

The sofa is accepted by restaurants because of its far better sense of sitting than the dining chair. Generally speaking, the sofa used in the restaurant can be divided into two kinds. One is the ordinary restaurant sofa, and the other is what we often call the restaurant booth or booth seating. So what is the difference between them? 1.
