

Address of nicosi mozambique energy storage power station

Where is Ncondezi power station?

Part of the Global Coal Plant Tracker,a Global Energy Monitor project. Ncondezi power station is a power station in Songo Dist,Tete,Mozambique with multiple units of varying statuses none of which are currently operating. It is also known as Solgenics power station. The map below shows the approximate location of the power station.

Who owns Ncondezi Energy?

In October 2014, Ncondezi Energy signed a non-binding agreement with China's Shanghai Electric Power Company (SEPC) for the power station. The agreement would make SEPC the largest shareholder in the coal-fired station, with a minority stake in the Ncondezi coal mine.

When did Ncondezi power receive a framework agreement with Mozambique?

According to Ncondezi Power,the project received a Framework Agreement with the Government of Mozambique in April 2013. The Mining Concession was granted,the power plant Environmental Social Impact Assessment was approved,and the Coal Supply Agreement was signed.

What happened to Ncondezi Energy?

In May 2017, it was reported that Ncondezi Energy had drawn down a US\$2.19 million shareholder loan and needed to repay double that amount. The company was in negotiations with loan holders to extend the repayment date. Discussions were also underway with SEP for US\$3 million to fund ongoing development work.
