

Canadian electric vehicle and energy storage exhibition

What is EV & charging Expo?

This event is at the forefront of understanding what the leaders in the space are doing and how they are doing it," says Ilana Weitzman, vice president of strategic development for clean transportation at Electric Autonomy. "The EV & Charging Expo is designed to help organizations confidently adopt EV technologies.

What is EV & charging Expo 2025?

The two-day program is designed to enable organizations to make substantial progress on electrifying their fleets, installing EV charging infrastructure, and meeting their ESG goals. To be announced in early 2025. The EV & Charging Expo(TM) 2025 brings together leading experts from across North America's electric-vehicle ecosystem.

Why should you attend the EV & charging Expo?

"From all events in North America, the EV & Charging Expo brings the best exhibitors, participants and speakers to allow great networking and education." "If we were looking for a way to raise [our] profile within the EV community we couldn't have asked for a better event."

What can you expect at the EV Expo?

In addition to test driving a range of electric vehicles, attendees will get close-up views of sought-after vehicles. These include a UPS truck from electric-first OEM Xos, the Chevrolet Silverado EV, a Zevo 400 from BrightDrop, an electric ice resurfacer, and more. Exhibitor booths include demonstrations of EV charging technology.

When will Canada's electric mobility industry meet in Vancouver?

From October 1-3, 2025, we'll be bringing Canada's electric mobility industry together in downtown Vancouver to talk about the electrifying progress being made across the ecosystem, and future pathways to guarantee the success of the transition to electric transportation. Proudly powered by WordPress | Theme: emc by Ryan Brinkhurst.
