

Chuneng energy storage container rolls off production line in xiao

What is Chuneng new energy Li-battery industrial park project?

On January 28, government of Xiaogan, Hubei and HXQC signed an investment agreement on Chuneng New Energy Li-battery Industrial Park Project. According to the agreement, the project will be located in Xiaogan Linkong Economic Development Zone and will have a designed production capacity of 100GWh.

What is Chuneng new energy lithium battery industrial park?

On May 8, 2022, the Chuneng New Energy Lithium Battery Industrial Park project officially started construction in Linkong Economic Zone, Xiaogan City, Hubei Province. It is reported that this is the largest industrial project introduced by Xiaogan, with a planned land area of 3,500 mu.

What is the largest investment and industrial project in Yichang?

This is the largest investment and industrial project in Yichang so far. The project covers an area of 4,500 mu and mainly produces power batteries, energy storage batteries, consumer electronics batteries, PACK modules and other series of products.

What is Xiaogan linkong project?

According to the agreement, the project will be located in Xiaogan Linkong Economic Development Zone and will have a designed production capacity of 100GWh. The project will have a total investment of RMB45 billion (USD7.08 billion) and will be built in two phases, with phase one investment to be RMB9 billion (USD1.42 billion).

Is Hubei building a trillion-level automobile industry cluster?

At present, Hubei is striving to build a trillion-level automobile industry cluster, and its entry into the new energy lithium battery industry is at the right time; the accelerated development of the urbanization of Wuhan's urban circle will also bring more development opportunities.

The first phase of the project mainly builds a 30GWh lithium-ion battery production line for the production of energy storage and automotive power batteries. It is planned to achieve mass production and complete acceptance ...

And said that Chuneng New energy has mature technical reserves and advanced manufacturing production lines in energy storage batteries, especially in battery safety technology has significant advantages, in line with the product ...
