

Who is eikto battery?

We are committed to provide overall solutions for the world with new energy. Our research team in the R&D center consists of dozens of doctor and master. we hold 130 patents. We are the ... Read More China leading provider of Forklift Lithium Battery and Yacht Lithium Battery, EIKTO Battery Co., Ltd. is Yacht Lithium Battery factory.

Who is eikto?

EIKTO is a leading lithium battery innovator, we are specialized in Lithium-ion battery technology development and manufacturing, our integrated PACK is suitable for forklifts, marine, heavy trucks and battery energy storage system (BESS). We contribute to global low-carbon emissions, and to promote the development of the clean energy.

What is a 3.16s1p energy storage module?

3.16S1P is a standard air-cooled energy storage module developed by our company. The module is installed in the battery rack and connected in series to form a battery cluster. The battery clusters can be flexibly composed of different energy and sizes by connecting them in parallel. It can cover the power demand of 100kwh-4000kwh.

Where is eikto industrial park?

No. 998, Baocheng Road, Eikto Industrial Park. Economic & Technology Development Zone, Xuancheng City, Anhui Province. China. EIKTO® All Rights Reserved.

**Product Description.** The product is a Lithium iron phosphate ESS battery module which has the characteristics of good safety performance, air cooling function, long cycle life and high reliability. The product is composed of YJT52145405 ...

We are good quality supplier of Forklift Lithium Battery, Yacht Lithium Battery, Energy Storage Lithium Battery from China. 83.2V 600AH Forklift Lithium Battery For Material Handling Equipment. ... 18650mAh Electric Drill Lithium Battery ...

Eikto's Lithium Iron Phosphate (LFP) battery adopts thick blade design with high utilization of space and flexibility, which is appropriate for module integration and energy storage. All-pole lugs design allows large current charging & ...

energy efficiency in marine, logistic and electric power industries. Eikto presents the most advanced industrial robots and Manufacturing Execution System (MES), which manages and controls the entire process from raw materials to final ...

Flex Series 76.8V300Ah All-in-one Battery PACK for Forklift Energy Storage Lithium Iron Phosphate

Battery PACK. MAX Series. Lithium-ion forklift battery - 153.6V280Ah Lithium battery system for industrial vehicles ... No. 998, Baocheng Road, Eikto Industrial Park. Economic & Technology Development Zone, Xuancheng, City, Anhui Province. China ...

With 45% market share in national new energy forklift sector, Eikto solidified its position as the industry's No.1 Battery manufacturer. Different operational profiles and forklift types require different solutions. ... Battery Forklift Battery PACK ...

Product Description . 166.4V280Ah 46.592KWh battery pack of energy storage system . The product is a Lithium iron phosphate ESS battery module which has the characteristics of good safety performance, liquid cooling function, long ...
