

Energy storage and new energy signed a contract with georgia

Which Georgia Power Bess projects are underway?

Other Georgia Power BESS projects underway include a 65 MW project in Talbot County (Mossy Branch) and a 13 MW project with the US Army at Fort Stewart near Savannah. Form Energy is an American technology company developing and commercializing a new class of cost-effective, multi-day energy storage systems.

Will Georgia Power Buy a Tesla Megapack unit?

Tesla Megapack unit with doors open. Georgia Power will procure Megapacks for the 500MW/2,000MWh portfolio. Image: Tesla Georgia Power has secured a battery and equipment supply agreement (BESA) with Tesla for a 500MW/2,000MWh BESS portfolio made up of four projects of varying sizes under development by the investor-owned utility (IOU).

When will Georgia's battery storage system come online?

The battery system is expected to come online as early as 2026 and is subject to regulatory approvals. "As we continue to build Georgia's clean energy future, battery storage systems play a vital role in how we will continue to serve our customers with clean, reliable energy for decades to come.

Did Georgia Power enter a supply chain RFP in 2024?

During August 2024, after carrying out a "comprehensive" supply chain RFP process, Georgia Power entered into EPC agreements with Burns & McDonnell for the Robins and McGraw Ford projects, and Crowder Industrial Construction (Crowder) for the Moody and Hammond BESS developments.

Does Georgia Power have a battery deal with Tesla?

A Georgia Power announcement revealed details of filings submitted to the Georgia Public Service Commission (PSC) on 16 August, as the utility seeks the regulator's approval for the portfolio buildout. It did not however mention the battery deal with Tesla, along with accompanying EPC agreements.

What does Georgia Power do?

Georgia Power provides electricity to 2.7 million customers in all but four of Georgia's 159 counties. The company is committed to delivering clean, safe, reliable and affordable energy for every customer, and works with the Georgia Public Service Commission (PSC) to ensure it can meet Georgia's future energy needs.
