Why is a first article inspection a 'report'?

Documenting first article inspections properly in the form of a 'report' is critical to ensuring that products do meet specifications, and that in the event of one or multiple non-conformances, the purchaser and supplier have both inspected and signed off on to prevent or reduce disputes.

What is the energy storage safety strategic plan?

Under the Energy Storage Safety Strategic Plan, developed with the support of the U.S. Department of Energy (DOE) Office of Electricity Delivery and Energy Reliability Energy Storage Program by Pacific Northwest Laboratory and Sandia National Laboratories, an Energy Storage Safety initiative has been underway since July 2015.

Can CSRS be applied to energy storage systems?

Until existing model codes and standards are updated or new ones are developed and then adopted, one seeking to deploy energy storage technologies or needing to verify the safety of an installation may be challenged in trying to apply currently implemented CSRs to an energy storage system (ESS).

Do I need a credit card for a first article inspection?
