

Why should you attend Eesa China International Energy Storage Expo?

At EESA China International Energy Storage Expo (EESA EXPO), Asia's premier energy storage exhibition, the road ahead is paved with countless opportunities. From connecting with 150,000+ of your peers to doing business with 600+ exhibitors, it's an exhibition that yields benefits throughout the entire year.

What is China International Energy Storage Expo?

China International Energy Storage Expo, a branded event organized by the Electrical Energy Storage Alliance (hereinafter referred to as EESA), has been successfully held for two editions.

When is energy storage International Conference & Expo 2025?

The 13th Energy Storage International Conference and Expo is scheduled for April 10-12, 2025, and will be held at Beijing New International Exhibition Center Phase II.

Why should you attend Eesa Expo 2025?

600 exhibitors presented a wide range of energy storage products and solutions at EESA EXPO 2025 --- make sure you are part of it. Why Exhibit? EESA EXPO 2025 attracted 150,000 visitors seeking to gain insights into industry trends, source new products and do business with peers from across the energy storage industry.

Why should you attend energy storage Expo?

From connecting with 150,000+ of your peers to doing business with 600+ exhibitors, it's an exhibition that yields benefits throughout the entire year. Preview the latest energy storage products and solutions, tune in to the latest industry trends and expand global business networks.

How many exhibition halls are there at the Energy Expo?

The expo will have 7 exhibition halls, inviting participation from power companies, power generation groups, grid companies, transmission and distribution operators, grid system operators and integrators, new energy manufacturers and investment institutions.

CESS-2025 China (Shanghai) International Energy Storage Technology and Application Industry Exhibition : 2025 9 14-16 : ?, 2021, ...

Energy and climate-related policies have been accelerated by both state and federal governments, and for many companies the time feels right to invest in energy storage. This event gathers together investors, developers, ...

At the venue, a diverse array of energy storage system solutions and cutting-edge technologies, hydrogen and fuel cell technologies, and renewable energy generation and ...
