In 2019, China-Green Alliance organized experts and established the former Deputy Minister of Land and Resources Wang Min as the director, Yu Runcang, Su Yinao, Peng Suping, Mao Jingwen, Kang Hongpu and other academicians, as well as heads of seven institutions of the Ministry of Natural Resources as deputy directors.

(2015-02-25)China's first public service cloud platform for smart energy was launched in Zhongguancun's Yizhuang Park in Beijing on Feb 10. Senior officials from related departments and institutions including the National Development and Reform Commission, the National Bureau of Quality Inspection, the Ministry of Industry and Information Technology, ...

The Zhongguancun Energy Storage Alliance provides a strategic platform for businesses and academic institutions aiming to explore the full potential of energy storage technologies. By doing so, it aims to contribute substantially to carbon reduction initiatives and sustainable development goals established by the government.

15.? The Zhongguancun Energy Storage Industry Technology Alliance encourages enterprises to actively adopt and apply this standard. 20.?

The 13th International Energy Storage Summit and Exhibition kicked off on April 10, 2025, at the Capital International Exhibition Center in Beijing, marking a significant event in the global energy storage industry. The summit is co-hosted by the Zhongguancun Energy Storage Industry Technology Alliance, the China Energy Research Society, and the Institute of ...

With a planned area of 268 hectares, Yukou New Energy Industrial Base was named "Zhongguancun Guoneng New Energy Industrial Park" by Zhongguancun Administrative Committee in 2010. Mafang Logistics Base, with a planned area of 300 hectares, is mainly consisted of the Port Functional Area, E-commerce Park, Yumafang International Logistics ...

The Zhongguancun Energy Storage Industry and Technology Alliance (CNESA) says China installed 21.5 GW/46.6 GWh of stationary storage capacity in 2023. Gaoce has produced its first wafers at a ...

i Dear Readers NESA's annual Energy Storage Industry White Paper, now in its 8th year, has received widespread attention and praise from readers both inside and outside of the energy storage industry. This year's Energy Storage Industry White Paper 2018 is published in two volumes, the Global Volume and China Volume.Each volume analyzes and provides ...

The Zhongguancun Hydrogen Energy and Fuel Cell Technology Innovation Industry Alliance (hereinafter referred to as the "Alliance") is entrusted and guided by the Zhongguancun ...

Assistance with access to Chinese investment institutions. Access to a centralized, detailed alliance member's directory. ... China Energy Storage Alliance (CNESA) T: +86-10-6566-7066 F: +86-10-6566-6983 E: ... Address ...

One of the paramount functions of the Zhongguancun Energy Storage Association revolves around influencing legislative frameworks that govern the energy sector. As an ...

CNESA and UL Standards & Engagement have established energy storage standard cooperation to promote energy storage safety research and international exchanges, ...

The 2023 National Energy Internet Conference, jointly hosted by Tsinghua University and China Energy Internet Alliance (hereinafter referred to as the Alliance), was held in Shanghai from October 26 to 27, 2023.

In recent years, under the leadership of new energy storage technologies represented by electrochemical energy storage, our country's energy storage industry has shown a sustained and rapid growth trend and has quickly entered the GW era. However, with the rapid development of the energy storage industry, the frequent occurrence of various accidents at ...
