

Who is Linuo solar?

Founded in 2002, Linuo PV Group was one of the first Chinese companies manufacturing and developing solar photo-voltaic products, quickly becoming a provincial high-tech enterprise and a leading PV producer with sales of solar cells and solar modules at home and abroad. Our solar cell production equipment is sourced from leading manufacturers.

Where are Linuo solar PV products sold?

Linuo Solar PV products are sold to more than 30 countries and regions, including Germany, Japan, Italy, Spain, Greece, Belgium, Czech Republic, Romania, the US, Brazil, Chile, Australia, and South Africa. Our factory in Jinan covers an area of 270 hectares. The production capacity for crystalline silicon solar cells and modules is 1.2 GW.

Who is Linuo PV?

Linuo PV is a leading enterprise in the Innovative Export Base for New Energy- we seek to grow our exports by unceasing technological innovation. Linuo PV has been selected as a Pioneer Enterprise and also a National High-tech Enterprise in Solar Energy Industry under the central government's National Torch Plan.

Why should you choose Linuo solar PV?

Linuo PV has become the designated supplier for the top five power generation groups in China, and enjoys a solid international reputation. While emphasizing company profitability, Linuo Solar PV also attaches great importance to the well-being of the employees, assisting with accommodation, everyday needs and social services.

Who accredits Linuo solar PV?

Solar cells and modules produced by Linuo Solar PV have been accredited by 11 renowned international standards bodies, including TUV, UL, MCS, J-PEC, CEC, IEC, CE, PV Cycle, and CGC-Solar. In 2010 Linuo Solar PV was accredited by Quality System ISO9001, Environmental Management System ISO14001 and the Occupation Health Safety Management System.

Based on distributed PV storage system, Linuo Power has completed a pilot PV project on the slope of the expressway connecting Zhaozhuang and Heze in Shandong.

The group said it convened a meeting on Aug. 29 that brought together state-owned power producers, such as Huadian Group and Datang Group, and some of the world's largest solar ...

As a crucial element of the Solar Energy Group in Linuo, Linuo PV can fully exploit its relationship with its sister companies, Linuo Paradigma and Linuo Power to provide first-class solutions and comprehensive service to the ...

The Project Fortress development will include the installation of solar photovoltaic modules, energy storage facility and an electrical connection infrastructure, including a . The electricity ...

From July 8 to 10, China Clean Energy & Eco Protection Exhibition 2022 was held at Shenyang International Conference Center (SICC). This exhibition aimed to promote industrial and agricultural upgrading and transformation in Northeast China through energy saving and emission reduction, coal-to-electricity projects (CTEP) and coal-to-gas projects (CTGP).

Linuo Group is a meeting of subsidiaries in several fast-growing sectors, but more importantly, is an integration of several historic companies, some a century old, with newly established high tech companies. This is probably a unique combination in China, inspiring all Linuo team members with tradition and innovation, while creating a special ...

Linuo Group was established in 1994, with the purchase of a small pharmaceutical glass factory. Since then, internal growth and acquisitions, including of several well-known companies with long histories and respected brands, have transformed Linuo Group into one of China's leading private sector manufacturing conglomerates.
