

## Polish saxony market energy storage preparatory tender announcement

Will PGE supply ESS batteries in Poland?

SEOUL, March 25, 2025 - LG Energy Solution announced today that it has signed an agreement with PGE, Poland's largest energy sector company, to supply 981 MWh of grid-scale ESS batteries between 2026 and 2027. Both companies will collaborate to establish a battery energy storage facility in Żarnowiec, Poland.

Which country has completed a 532 MWh battery storage project?

Meanwhile, Ukraine's DTEK has completed the acquisition of a 532 MWh battery storage project in southern Poland. Polish state-owned energy company PGE Group announced a tender for the construction of a battery energy storage facility in Żarnowiec, which is likely to become the nation's largest once completed.

Which companies are building a battery storage facility in Poland?

Polish utility PGE Group has launched a tender for the design and construction of a battery storage facility with a minimum capacity of at least 900 MWh. Meanwhile, Ukraine's DTEK has completed the acquisition of a 532 MWh battery storage project in southern Poland. Image: Sandia National Laboratories, Wikimedia Commons From ESS News

How big is Poland's energy transformation?

The innovative large-scale project to supply 263 MW and minimum output 900 MWh is a milestone in Poland's energy transformation. The storage will be four times bigger than the present biggest in Europe of 196 MWh recently launched in the UK and capable of supplying power to 300 thousand households for 2 hours.

The energy storage projects we encounter on the Polish market are of great diversity, ranging from battery storage facilities with relatively small total installed capacities, through contracts focusing on the joint development ...
