

Power storage of the pearl 2813 movement

Are Tiger concept watches eta2836 or pearl 2838?

A lot of the Tiger Concept watches offer either the Asian ETA2836 movement or the Pearl 2838movement. The Pearl movement is about \$55 cheaper,but at the same time I don't want to end up with a dud movement that breaks in the first week. If anyone owns a watch with a Chinese Pearl 2838 movement,how robust and accurate is it?

What is a 2813 GMT?

The 2813 can be GMT or standard 3 hands,it has a purple coloured wheel on the auto winding bridge,avoid this as it is lesser quality. The cousins supplied 3804B was the best movement out of the 3 I have. Some companies are supplying a 2813GMT and calling it a 3804B,watch out for the purple wheel on the auto winding bridge.

Does Nanning make a 2813 movement?

Dixmont logo under balance wheel. Nanning also makes a 2813 movement,and Starking produces its own,hi-beat (28,800) 2813 as well - Shenzhen Jingrui Movement Limited. Nanning 2813 w/logo. "All of this has happened before,and will happen again."

What is the difference between 3804b & 2813?

The 3804B & 2813 are similar but have distinct differences. GMT & Date change layout. The 2813 can be GMT or standard 3 hands,it has a purple coloured wheel on the auto winding bridge,avoid this as it is lesser quality. The cousins supplied 3804B was the best movement out of the 3 I have.

Is there an ETA 2813 clone?

What you may see listed as an ETA 2813 clone,is not actually an ETA clone at all. In fact,there is not an ETA 2813 to clone. It is also not an ETA 2824-2 clone. The caliber 2813 (sometimes called A2813 - A for Asia or Asian 2813) is closer to being a Miyota 8215 clone,although there are some notable differences.

My first movement was a basic time-only mechanism without an automatic winding system--perfect for a beginner. The 2813, on the other hand, featured hours, minutes, ...

1) The movements in the PD-1617 and the PD-1632 are NOT any form of the 2813 movement. They ARE the ST6 movement. I now have three of these models and have put in quite a lot of effort to figure this stuff out. Note: it ...
