

What types of energy storage products does Sineng offer?

Leveraging technological innovation and extensive expertise, Sineng delivers a wide range of energy storage products, including hybrid inverter, battery and power conversion system. With an array of products, Sineng's offerings can adapt to residential behind-the-meter, commercial behind-the-meter and front-of-the-meter applications.

Why should you choose Sineng electric?

Sineng Electric provides a comprehensive product portfolio ranging from 3kW to 8.8MW, applicable to residential, C&I, and utility-scale PV projects. The all-scenario solutions, featuring superior efficiency, exceptional reliability and top-notch safety, lead to optimal LCOE and ensure profitability for stakeholders.

What is Sineng electric?

Committed to improving the reliability of electricity supply, Sineng Electric provides smart power quality controller, FPU series active power filter (APF), SPU series static var generator (SVG), and SPC series intelligent power quality correction device. ©2024 All Rights Reserved.

What is a SP-350K-USH string PV inverter?

The string PV inverter solution from Sineng Electric, such as the SP-350K-USH, offers exceptional versatility across various scenarios. Engineered for convenience, it features a compact 20-ft container size and pre-assembled design that simplifies both delivery and commissioning procedures.

What is Sineng's MV turnkey station composed of?

Sineng's 3.45/4MW MV turnkey station is composed of two units of 1.725/2MW central PCS and a transformer. It is designed to be compatible with batteries above 306Ah.

LAS VEGAS, Sept. 15, 2023 /PRNewswire/ -- Sineng Electric, a global leading manufacturer of PV and energy storage inverters, revealed the next-generation product portfolio during RE+ 2023 expo. The displayed innovations have been ...

Yantai, China, June 1, 2024 -- Sineng Electric is pleased to announce the successful commissioning of a 100MW/200MWh energy storage project in Shandong, China. It represents a significant advancement in the integration of renewable energy into the grid, delivering substantial economic, environmental, and social benefits to the region.

Sineng Electric Co., Ltd. is a global leading supplier of a comprehensive product portfolio including PV and energy storage inverters for utility-scale, commercial, and residential applications. With four R& D centers, three manufacturing facilities, and 40GW annual production capacity, Sineng's commitment to technological innovation has enabled ...

Sineng Electric, a Chinese PV inverter and battery manufacturer, announced that it has supplied inverters for a 641 MW solar project in Gujarat, India. The solar project, developed and owned by Adani, is part of the 30 GW ...
