

The 6th international energy storage conference

What is the 2023 energy storage international conference?

The 2023 Energy Storage International Conference, jointly organized by the Institute of Engineering Thermophysics, Chinese Academy of Sciences, China Energy Research Society and China Energy Storage Alliance, was successfully held in Beijing Shougang Exhibition & Convention Center on April 7-9, 2023.

What is the battery and energy storage Conference?

December 9, 2024 to December 11, 2024 The Battery and Energy Storage Conference seeks to engage scientists, engineers, and policy makers working in the fields of energy storage and conversion technologies to identify, communicate, and explore current advancements in storage materials, devices, and systems.

What is the energy storage global conference?

The Energy Storage Global Conference offers the opportunity to industry, researchers, and policymakers to exchange views and debate key issues faced by the energy storage sector. The 3-day conference will also explore the extent to which energy storage can help avoid dependency on fossil fuels in order to balance the electricity system.

What is the International Energy Storage Innovation Competition awards ceremony?

The 6th and 7th International Energy Storage Innovation Competition Awards Ceremony was then held to recognize the winning companies and individuals who have made significant contributions to the fields of energy storage technology innovation and business model promotion over the past year.

Can I apply for financial support to attend the 6th Battery and energy storage Conference?

Thanks to the generous support of the AICHE Foundation, we are pleased to announce that student and post-doc attendees have the opportunity to apply for financial support to attend the 6th Battery and Energy Storage Conference! Awardees will receive complimentary registration.

Who hosted the opening ceremony of China energy storage Alliance Conference?

The opening ceremony of the Conference was hosted by Ms. LIU Wei, Secretary General of China Energy Storage Alliance.
