2 The Vertiv(TM) EnergyCore offers a powerful and energy dense battery solution providing an effective, safe  
energy storage system. It delivers optimized energy storage solutions that modern data centers and customers  
demand. If the UPS is only as good as the battery, it's important to select the right one for the application.

However, there are two major components where significant differences are expected: the conditioning  
associated with the static UPS power electronics and batteries and the service life of the energy storage  
devices. ...

UPS and Energy Storage Systems (ESS) powered by lithium battery solutions . The Riello UPS lithium
