What is XD container & energy storage system?

The XD container and energy storage system was developed to both Chinese and US standards and meets market demands domestically and internationally. With the rapid transformation of global energy, more and more wind and photovoltaic power as well as distributed power resources are connected to the grid.

What is XD high voltage apparatus?

Developed by Xi'an XD High Voltage Apparatus Co.,Ltd.,a subsidiary of China XD Group,it was the group's first system solution and core product into the energy storage and micro grid market. The XD container and energy storage system was developed to both Chinese and US standards and meets market demands domestically and internationally.

Is China XD expanding in energy storage?

China XD Group Co.,Ltd. recently signed an agreement to export 28 sets of energy storage containers to the United States-based General Electric Company,a signal that China XD is expanding in the energy storage field.

Who is Xi'an XD high voltage apparatus?

Xi'an XD High Voltage Apparatus Co., Ltd. set up a goal to develop the world's leading smart electrical system solution in 2019 and has contributed to co-development of traditional and emerging industries.

China XD Group Co., Ltd. recently signed an agreement to export 28 sets of energy storage containers to the United States-based General Electric Company, a signal that China XD is expanding in the energy storage field.
